Chapter 2. Cigarette Fair Trade Act

IC 24-3-2-1

Declaration of policy

Sec. 1. It is declared to be the public policy of this state to promote the public welfare by making unlawful unfair, dishonest, deceptive, destructive and fraudulent business practices now existing in transactions involving the sale of, offer to sell, or inducement to sell cigarettes in this state in wholesale and retail trades. The offering for sale or sale of cigarettes below cost in the retail or wholesale trade with the intent of injuring competitors or destroying or substantially lessening competition is an unfair and deceptive business practice and adversely affects the collection of revenue due this state from the sale of cigarettes.

The price of cigarettes offered for sale or sold under the exceptions specified in section 6 of this chapter shall not be considered the price of a competitor and shall not be used as a basis for establishing prices below cost, nor shall the price established at a bankrupt sale be considered the price of a competitor within the purview of this section.

(b) In the absence of proof of the price of a competitor under this section, the lowest cost to the retailer or the lowest cost to the distributor, as the case may be, determined by any cost survey made pursuant to section 11 of this chapter, may be deemed the price of a competitor within the meaning of this section.

the normal, customary, and prevailing terms and discounts in connection with other sales of a similar nature in the trade area or state.

(b) Merchandise given gratis or payment made to a retailer or distributor for display, or advertising, or promotion purposes, or otherwise shall not be considered in determining the cost of cigarettes to the retailer or distributor.

(b) Any cigarettes that are imported or reimported into the United States for sale or distribution under a trade name, trade dress, or trademark that is the same as or confusingly similar to a trade name, trade dress, or trademark used for cigarettes manufactured in the United States for sale or distribution in the United States are presumed to be purchased outside the ordinary channels of trade.
